

Marsupial Pouch Pattern

If you can knit crochet or use a sewing machine we need your help.
We are always in need of pouches and liners of assorted sizes.

Considerations

- Please round the corners of sewn liners (pouches can be rounded but not necessary) as small animals often choose to bury into the corners and can suffocate. All liner seams should be on the outside and edges French—zig zagged or overlocked.
- Ease of washing should be considered and also wool shrinkage.
